

The Eliminator 100 Series

The EH-100 series airfoil fume hood features a 45-degree angle around the fascia and a flush-mount radiused airfoil across the bottom, which results in minimized turbulence and increased performance. Like the exterior of the hood, the airfoil is made from chemical-resistant, powder-coated, 16-gauge cold rolled steel. A stainless steel airfoil is available as an option. Posts are 5" (127 mm) wide. Five standard sizes offer design flexibility, or we'll customize to your specific needs.

ELIMINATOR 100 SERIES - AIRFOIL FUME HOOD

Airfoil Fume Hood - Minimized Turbulence, Increased Performance

U.L. 1805
Classified

- Powder coat finish
- Full frame construction
- Shaft drive sash
- U.L. listed poly resin liner
- Flush-mount airfoil
- Knock down capability
- LED light with bulbs
- Full-length finger lift
- Sash sweep
- 25.5" interior working depth
